QUALITY & COMPLIANCE

Beyond Standards, we build a legacy of trust in every detail

Partner for 1,200 hectares of FSC-certified forest.

4.12.2025
With FSC CoC certification, we ensure every piece of wood is responsibly sourced and fully traceable.

27.3.2025
Rooted in ISO standards, we cultivate a culture of consistency and non-stop improvement.

26.1.2023
C-TPAT compliant: Strengthening security to ensure safe and reliable international trade.

22.4.2025
Through BSCI, we honor our people by ensuring ethical, fair, and safe workplaces.

ADVANCING SUSTAINABILITY THROUGH SMART PRODUCTION

Operational Scale

For us, success is not only about creating exceptional wooden furniture — it is about delivering lasting value to communities and the world around us.

ABOUT NAFOCO

Your Trusted Global Manufacturing Partner

"At Nafoco, sustainability is more than a goal—it is the foundation of every production process. With a legacy spanning over 30 years since 1991, we take pride in being a pioneer in Vietnam's export-oriented RTA (Ready-to-Assemble) furniture industry."

Our strength lies in the synergy between a vertically integrated manufacturing process, advanced automation across three ISO-certified factories, and an unwavering commitment to forest resources through FSC Chain of Custody certification. Beyond providing optimized OEM/ODM solutions, we stand as a dedicated partner to global clients, fostering a wood industry built on transparency and responsibility."

WHY CHOOSE US?

What Makes Nafoco Different?

A Journey of Innovation, Scale, and Sustainability

<p>30+ In-house Engineers Technology Mastery</p> <p>"We don't just operate machines—we build them. By developing our own 3-axis robots, we achieve unparalleled flexibility to tailor production to the most complex requirements."</p> <p>LEADING</p>	<p>Standard Equipment Equipment Dependency</p> <p>Relying solely on off-the-shelf equipment, which limits the ability to customize or innovate production processes for specialized needs.</p> <p>BASIC</p>
<p>2,000+ Containers/Year Massive Scale</p> <p>"We don't just operate machines—we build them. By developing our own 3-axis robots, we achieve unparalleled flexibility to tailor production to the most complex requirements."</p> <p>INDUSTRIAL SCALE</p>	<p>500 - 800 Containers Limited Output</p> <p>With a capacity of only 500-800 containers/year, these factories often struggle with scalability or become overwhelmed during peak seasons.</p> <p>MEDIUM SCALE</p>
<p>20 Years Experience Legacy of Trust</p> <p>"Two decades as an IKEA supplier is a testament to our unwavering commitment to global quality standards and our proven reliability over the long term."</p> <p>STRATEGIC PARTNER</p>	<p>0 - 3 Years / Non-supplier Market Newcomers</p> <p>Typically newcomers or non-suppliers, often lacking the deep operational knowledge required to meet rigorous international benchmarks.</p> <p>ENTRY LEVEL</p>
<p>CoC + Own Forest Sustainable Roots</p> <p>"We take full responsibility for the environment by managing the entire chain from our own forests to the final product, ensuring 100% traceability."</p> <p>ECO-MASTERY</p>	<p>CoC Only (Trading) Intermediary Sourcing</p> <p>Holding only CoC certification and purchasing timber through traders, making it difficult to guarantee origin or maintain environmental accountability.</p> <p>MEDIUM SCALE</p>
